Hi Darin,

As Wesley mentioned, please see this LINK <http://dpw.lacity.org/office-community-beautification/start-beautification-project-your-community#nid-2346> for more information on OCB's process for the Adopt-a-Median program. Both Gerry and Wesley suggest that this permitting process makes the most sense for the Let's Play Everywhere LA projects in the public right of way. Several of the other Kaboom! grantees have already begun this process.

The above link provides information pertinent to the Adopt-a-Median program, as well as the required forms, and other information that your group needs to submit. The turn-around time for Adopt-A-Median projects is typically 3 - 4 months so the sooner we can get started, the better!

Should you need clarification on anything, please don't hesitate to reach out to myself or Gerry (available M-F before 2:30pm (gerry.valido@lacity.org <mailto:gerry.valido@lacity.org> or 213-978-0223 <tel:(213)%20978-0223>)).

Thanks,
Ryan

Darin,

Per my earlier voicemail message, the Dept of Public Works, Office of Community Beautification (OCB), under Gerry Valido will take in applications for these types of improvements.

Here's a link: <http://dpw.lacity.org/office-community-beautification>
<<http://dpw.lacity.org/office-community-beautification>>

The BOE will assist OCB with any technical review or testing of materials.

Thank you

Hi Wesley,

Re: Kaboom Project

I hope you are well. I talked with you recently regarding a Kaboom grant project at the transit plaza at Pico and Normandie and there was some confusion as to which agency will issue the permit. Could you please give me a call at your earliest convenience?

Thank you very much,

Darin French
